Value from Innovation

MRI

VELOCITY OASIS

One MRI Solution for Managing Today's Population

Why you need Velocity MRI

- Obesity disease
- Lapse in care
- Patient Loyalty
- Anxiety
- Age

93 Million Americans are affected by obesity.¹

90% of Emergency Departments' lack the imaging equipment to handle obesity disease.²

Patients search out imaging centers who can accommodate their needs, causing lapse in their care.³

Loyalty to your network is not guaranteed.⁴

Being equipped to accommodate, care for, and manage all populations increases patient satisfaction, resulting in retention and loyalty.
